

A320 Family

The market leader

New Standards. Together

AIRBUS

Widest Cabin, Widest Appeal

With over 6,500 sold, 4,000 in service, the A320 Family is the best selling aircraft family ever.

Since introducing the benefits of fly-by-wire, non-stop innovation has continually improved performance, reducing fuel burn, emissions and noise levels across the A320 Family.

The widest single-aisle fuselage allows wider seats for more comfort, wider aisles for faster turnarounds, more cabin storage and wider underfloor holds enabling the use of cargo containers.

The A320 Family is one aircraft in four lengths, with the same wide cross-section: the A318, A319, A320 and A321 have the same systems, cockpit, operating and maintenance procedures and pilot type rating.

Covering the 100-220 seat market and flying up to 3,700nm/6,850km, the A320 Family has wide market appeal and unparalleled worldwide success.

Seats	MTOW	Range	Powerplants
107-132	68.0t	3,200nm / 5,950km	PW6000A or CFM56-5B
124-156	75.5t	3,700nm / 6,850km	CFM56-5B or IAE V2500
150-180	78.0t	3,300nm / 6,100km	CFM56-5B or IAE V2500
185-220	93.5t	3,200nm / 5,950km	CFM56-5B or IAE V2500
