

A340

The longest rangers

New Standards. Together

A Family of Long-range widebodies

With nearly 400 aircraft sold, the A340 Family offers a true long-haul solution to over 45 customers & operators. The three members of the A340 Family can carry from 300 to 400 passengers in a high comfort cabin on long to ultra-long haul routes.

Passengers of the A340 Family get a true long-haul experience with a spacious, quiet and comfortable environment to work, eat and relax.

The A340 Family is present on the most demanding routes thanks to its excellent performance out of challenging airfields and is performing the longest sectors operated today.
