

FYI 2009: winning team – COz team – University of Queensland, Australia

The "COz" team was comprised of (from left to right): Hong Kong native Alex Ng (25) and team leader Michael Heitzmann (27), of Swiss descent – both of whom are PhD students in mechanical engineering – and Benjamin Lindemberger (26) of Germany, an aerospace engineering student working towards his University of Stuttgart diploma thesis at the University of Queensland.
