

January 2013

## AIRBUS AIRCRAFT MONTHLY PRODUCTION RATES

### A320 Family

- Currently at rate 42 (since October 2012).
- This is the highest monthly production rate ever for a commercial aircraft.
- Will remain at rate 42 until NEO ramp-up in the 2018 timeframe.

### A330 Family

- Currently at rate 9.5 (since May 2012).
- Going to rate 10 in Q2 2013 and looking at possibility to go up to 11 in 2014.

### A380

- Currently at 2.5 with ramp up to 3 from beginning of spring 2013.
