* Commercial Order Intake and Order Book based on list prices
Airbus backlog* well aligned with regional needs and demand forecast

Europe, North America and Lessors to take highest share of our deliveries over the next years

Steady increase of our delivery stream even when order intake slows down

Robust and well diversified backlog supports production rate increases

*12% of undisclosed customers; ** Cancellations (excluding Ceo-Neo conversions) / backlog
LONG TERM DEMAND FOR AIRCRAFT

2016-2035 demand for 33,070 aircraft

Asia-Pacific will be a key driver for growth in the next 20 years (40% of demand)

59% of future demand to come from growth, with strong SA potential in most regions

Propensity to travel in Emerging regions will progressively catch up with Developed markets

Market size among the regions will converge towards the demographic share

Emerging markets will drive long-term growth as their propensity to travel will catch up with developed economies

STRONG PRODUCT PORTFOLIO – FOCUS ON RAMP UP AND TRANSITION

Product portfolio positioned to capture growth

**A320**: essentially sold out until 2022; significant overbooking through 2021, which protects our ramp-up plans to rate 60 in 2019

**A330**: Solid booking level with 83 additional net orders in 2016, supporting production as we transition to A330neo

**A350**: Ramp-up fully booked at rate 10, continuous focus on RC convergence. A350-1000 flight test begun

**A380**: breakeven in 2016 at 28 deliveries, we have accelerated our efforts on fixed costs reduction to minimise breakeven at lower deliveries

**Product renewal** to be well positioned on future growth segments

**Transformation and adaptation** to enhance competitiveness, quality & safety and customer satisfaction

**Helicopters proven resilience** with increased market share from 45% to 47% in C&P in terms of units delivered

**H225 accident**: EASA temporary flight suspension released but fleets in UK and Norway are still grounded. Continue to work with the investigation authorities

Products are designed to address current and future customer needs and respond to market opportunities

**A400M**: 17 a/c delivered FY16
Total net charge of € 2.2bn in 2016, € 1.2bn additional provision booked in Q4. Execution and capability enhancement remain areas of concern

**Portfolio re-shaping**: ASL JV finalised, Business Communications divested, net portfolio gains ~ € 1.2 bn; perimeter change impact on earnings in 2016: ~ €200m

**Defence Electronics** to close in Q1 2017
