Dear customers,

We have had to face unprecedented challenges together in 2020. At Airbus Helicopters, this has reminded us of the importance of the relationships we have with you: our global customers, partners and friends.

We are delighted to recognise these crucial connections in this latest edition of our calendars that celebrate the important role you and your teams play every day. We are honoured to support your work and be part of your story.

Thank you to those of you who sent in pictures to be included in this calendar, this time you made the job of our independent jury harder than ever!

I hope this year will bring success and happiness to all of you.

In the meantime, thank you again and stay safe!

Sincerely,

Ben Bridge
