- 2019: €422
- 2020: €471 (12% increase in 2020)

Airbus Defence and Space

- 2019: €565
- 2020: €660 (17% increase in 2020)

Consolidated Airbus 2020 FY revenues €49.9 billion; FY EBIT Adjusted €1.7 billion
Our strategy

*Purpose:* We pioneer sustainable aerospace for a safe and united world.

*Company strategy:*

1. **Continue to grow as an Aerospace & Defence leader**
   - Keep current portfolio competitive.
   - Pioneering for the next generation.
   - Build advantages through a broad span within Aerospace & Defence.
   - Expand as a leader towards new territories.

2. **Leverage European roots while pursuing a Global reach**
   - Leverage diversity of workforce to address global market and customer base.
   - Build on strong European heritage to achieve global reach through local actions.

3. **Continue to invest for the future**
   - Ensure the right combination of growth, profitability and resilience.
   - Restore and improve competitiveness.
   - Remain at the forefront of innovations and lead in the global market.

4. **Lead transformation of the aerospace industry**
   - Lead the journey towards clean aerospace.
   - Build our business on the foundation of safety.
   - Respect human rights and foster inclusion.
   - Exemplify business integrity.
Ethics and Compliance: doing business with integrity

Robust Compliance programme matching the highest international standards

Code of Conduct underpinned by annual employee objectives to drive exemplary behaviour

Airbus OpenLine to encourage speak up and address compliance problems early

A professional, dedicated team of 150 full time compliance officers to implement and sustain progress

Airbus Corporate Presentation
Airbus is at the forefront of the aviation industry

We build the most innovative commercial aircraft and consistently capture about half of all commercial airliner orders. Thanks to its deep understanding of changing market needs, customer focus and technological innovation, Airbus helps airlines grow and people connect.
The Airbus Family of versatile new-generation aircraft

**Single-aisle Family**

- A321neo
- A320neo
- A319neo
- A220-300
- A220-100

**Widebody Family**

- A350-1000
- A350-900
- A330-900
- A330-800
The world’s No.1 helicopter manufacturer

We provide the most efficient civil and military helicopter solutions to our customers who serve, protect, save lives and safely carry passengers in highly demanding environments.
Facts and figures

- Airbus helicopters in service in 150+ countries with 3000+ operators
- 2020 Order Book: €15.8 bn
- Employees: 20,026
- 2020 Revenues: €6.25 bn
- Flight hours in 2020: 2,644,000

No.1 helicopter manufacturer in the world

Largest civil and military helicopter range in the world

HELICOPTERS

Civil range

**Intermediate Single**
- H125
- H130

**Light Twin**
- H135
- H145

**Medium**
- H155
- H160

**Super Medium**
- H175

**Medium Heavy**
- H215
- H225
Military range

Light
- H125M
- H135M
- H145M

Medium
- AS565 MBe
- H160M

Heavy
- H215M
- H225M

Specialised
- Tiger
- NH90
Technology demonstrators

VSR700

Racer

CityAirbus
Airbus is Europe’s largest and most innovative defence and space company

We develop and manufacture world-class aerospace products. Our exceptional platforms and services allow our customers to address even their most challenging operational needs.

No.1 European defence and space company

More than 1,800 fixed wing aircraft sold
1,500 accumulated years in orbit since 1965 by our satellites
2,700+ missions achieved with UAS Operational Services
## Strong, innovative and customer focused – Our portfolio

### Military Aircraft
- A400M
- A330 Multi-Role Tanker Transport
- Special Mission Aircraft
- Combat Aircraft
- Full In-Service Support

### Space Systems
- Telecommunication Satellites
- Earth Observation Satellites
- Navigation Satellites
- Orbital and Space Exploration Infrastructure
- Science Missions
- ArianeGroup (Launchers)

### Connected Intelligence
- Intelligence
- CyberSecurity
- Security Solutions
- Secure Communications
- Secure Land Communications
- Future Applications

### Unmanned Aerial Systems
- UAS and UAV solutions for airborne intelligence, surveillance and reconnaissance, and combat missions
