

HELICOPTERS

H225

The mission provider

From crew change and SAR up to multirole missions

AIRBUS

H225

The all weather, long range provider

Versatile configuration

- Large cabin volume with flat floor, integrated rails and Large windows
- From 19 crashworthy seats up to 28 troop seats or 6 stretchers
- Easy access through 2 large lateral sliding doors,
- Choice of fire fighting solution (Bambi bucket, water cannon or water tank)
- Large choice of auxiliary fuel tanks to extend your mission range

Fitted for mission success

Offshore crew change, SAR, aerial work fire fighting, law enforcement, passenger or VIP transportation

- Wide range of options and STCs available
- Full de-icing kit
- Multi-purpose engine air intake protections
- Aerial work Class C operation (power lining)

Advanced pilot assistance

- Recognized dual duplex, 4-axis digital autopilot and avionics providing an unrivalled flight envelope protection and navigation/hovering precision and stability even in the harshest condition of operation
- Automatic rig approach (Rig'N Fly)
- SAR modes
- TCAS coupled to the autopilot for automatic optimized avoidance maneuvers
- More safety thanks to enhanced situation awareness

DIMENSIONS

Length	19.50 m	63.98 ft
Height	4.97 m	16.30 lb
Main rotor diameter	16.20 m	53.14 ft

MAIN CHARACTERISTICS

MTOW/ MAUW External load	11,000/11,200 kg	24,250/24,6925 lb
Useful load (Short/Long)	5,406 kg	11,918 lb
Sling load capacity	4,750 kg	10,472 lb
Capacity	1 or 2 pilots + up to 19 passengers	

PERFORMANCE (ISA, SL)

Maximum speed (Vne)	324 km/h	175 kts
Max range (Short/Long) with std fuel tank	838 km	452 NM
Max endurance (Short/Long) with std fuel tank	4h05min	

ENGINE

Model	2 x SAFRAN MAKILA 2A1	
Takeoff power	1,567 kW	2,101 shp
One engine inoperative (OEI 2 min30s)	1,776 kW	2,382 shp

H225 benefits for operators

- All weather
- Versatile
- Remarkable volume and payload
- Pilot assistance
