

Update on Coronavirus and Tianjin Final Assembly Line

Toulouse, 11 February 2020 - Airbus is closely monitoring the evolution of the Coronavirus situation and following the World Health Organisation travel advice that is affecting Airbus globally. The [Company](#) is regularly updating staff on the situation and on necessary precautions to take.

Airbus China is observing Chinese Government requirements and has been authorised by the Chinese authorities to restart operations of the Tianjin Final Assembly Line. This means it can gradually increase production, whilst implementing all required health and safety measures for Airbus employees which remains the top priority. Airbus is constantly evaluating the situation and monitoring any potential knock on effects to production and deliveries and will try to mitigate via alternative plans where necessary. Airbus will provide updates as the situation evolves.
