**Donauwörth – 18 July 2019** – The NH90 Sea Lion successfully completed mission demonstrations for its relevant roles in the German Navy, including SAR missions, in July. Representatives of the Navy and the procurement agency BAANBw participated in the tests that covered operations using a rescue hoist, checking navy reconnaissance capabilities, and dropping off commandos and Special Forces equipment, including an inflatable boat. Delivery of the first Sea Lion helicopters is scheduled for the end of 2019. Altogether 18 helicopters are on order.
