Wizz Air's first A321neo in Hamburg, Germany

The A320neo and its derivative aircraft family members are the world's best-selling single aisle aircraft with over 6,500 orders from over 100 customers since its launch in 2010. It has pioneered and incorporated the latest technologies, including its new generation engines and the industry's reference cabin design, delivering 20 percent fuel cost savings alone. The A320neo also offers significant environmental benefits with nearly a 50 percent reduction in noise footprint compared to previous generation aircraft.
