Each Director shall comply and is bound by Annex D detailing the rights and duties of the Directors in the light of corporate governance principles and best practices.

Responsibilities

- 2.2 The Board is responsible for the overall conduct of Airbus, the management, direction and performance of Airbus and its business, and has the powers, authorities, duties and discretions vested in it by and pursuant to the relevant laws of the Netherlands, as well as the rules under the Articles. The Board debates and approves the strategy of Airbus, empowers the CEO and accordingly holds him accountable for its proper execution.
- 2.3 The non-executive Directors have no day-to-day management responsibility and as such no authority to represent Airbus SE. Airbus SE is represented by the CEO, and in case of delegated representation by the members of the Executive Committee. In addition to the responsibilities that follow from the law and the Articles, the Board's responsibilities include the matters set out in Annex A hereto. The CEO shall not enter into any transactions referred to in Annex A unless such transactions have been approved by the Board by the required majority.

Conflicts of interest

- 2.4 Any conflict of interest or apparent conflict of interest between Airbus SE and Directors is to be avoided and the Board is responsible for ensuring that there are rules to avoid such conflicts. Where conflicts nevertheless arise, the non-executives Directors shall be responsible for ensuring that in dealing with such conflicts Dutch law and the Dutch Corporate Governance Code and all other applicable laws, rules and regulations are complied with. A Director shall not take part in the deliberations or decision-making if he has a direct or indirect personal interest which conflicts with the interests of Airbus SE and of the enterprise connected with it.

Composition

- 2.5 The Board will have twelve (12) Directors, including the Chairman and the CEO, with at least nine (9) non-executive Independent Directors (including the Chairman). In any event, no Director will be an active civil servant. Further provisions on the nomination of the members of the Board are set out in clause 7.4.

- 2.6 The Directors appoint a non-executive Director to be chairman of the Board (the *Chairman*). The Chairman can submit his resignation as Chairman to the Board or can be dismissed as Chairman by the Board (by a Qualified Majority decision). The appointment further terminates if the Chairman is dismissed or resigns as a Director. Immediately following the dismissal or resignation of the Chairman, the Board may if it wishes appoint a Director as interim Chairman until the appointment of a new Chairman.
- 2.7 The Board appoints one chief executive officer (*CEO*). The CEO can submit his resignation as CEO to the Board or can be dismissed as CEO by the Board (by a Qualified Majority decision). The appointment further terminates if the CEO is dismissed or resigns as a Director. Immediately following the dismissal or resignation of the CEO, the Board appoints a Director or a member of the Executive Committee as interim CEO until the appointment of a new CEO. No Director other than the CEO may (other than in the capacity as interim CEO, as the case may be) exercise executive functions within Airbus.

Majority and quorum

- 2.8 Each Director can exercise one vote. Without prejudice to clause 1.2 of the Rules, all decisions of the Board shall be taken by a simple majority of votes voting in favour of the decision (the *Simple Majority*), except with regard to Reserved Matters which can only be validly resolved upon by at least a two-thirds majority (i.e., 8 favorable votes) of the Directors whether or not present or represented in respect of the decision (the *Qualified Majority*).

- 2.10 A Director can authorise another Director to represent him or her at a Board meeting and to vote on his or her behalf. Such authorisation shall be in writing.

Meetings

- 2.11 The Board meets as often as the affairs of Airbus require and in any event meets physically or in accordance with clause 2.14 at least four times during each financial year.
- 2.12 The agenda for meetings of the Board is set by the Chairman in consultation with the CEO.

- 2.13 The Board can adopt resolutions in writing without holding a meeting (including by means of any electronic message and facsimile, or in the form of a message transmitted by any accepted means of communication and received or capable of being produced in writing), provided that the relevant majority of the Directors vote in favour of the resolution and none of them objects to the resolution being adopted in writing.
- 2.14 A meeting of the Board may consist of a conference between Directors constituting a quorum who are not all in one place, but of whom each is able (directly or by video or telephonic communication) to speak to each of the others, and to be heard by each of the others simultaneously, provided that the chairman of the meeting participates in the meeting from The Netherlands. Any Director taking part in such a conference is deemed present in person at the meeting and is entitled to vote or be counted in a quorum accordingly.
- 2.15 The Chairman chairs the Board meetings provided that if the Chairman is not present, the remaining members of the Board designate one of its members to act as chairman of the meeting. The Chairman procures that minutes of each meeting of the Board be prepared. These minutes are approved at the next meeting of the Board.

- 5.2 The Board may determine in writing that in respect of duties allocated to a Committee, the members of that Committee may validly adopt resolutions. The delegation of certain tasks and powers to a Committee does not alleviate the joint responsibility of all Directors. The Board may reverse a delegation at any time.

Majority and quorum

- 5.3 Unless otherwise set out in the Rules (including pursuant to clause 1.2 and 2.8), all decisions of Committees require a simple majority of members voting in favour of the decision in person or by proxy.
- 5.4 The quorum for the transaction of business at a meeting of a Committee requires that at least a majority of the Directors who are members of the Committee are present or represented at the meeting at the time when the relevant business is transacted, except that a meeting of the Remuneration, Nomination and Governance Committee shall require that all Directors who are members of such Committee are present or represented at the meeting.

Clauses 2.12, 2.13, 2.14 and 2.15 apply mutatis mutandis to meetings of Committees, provided that if any Committee meeting is held in addition to the minimum number of four meetings per year referred to in clause 6.3 for the Audit Committee, four meetings per year referred to in clause 7.9 for the Remuneration, Nomination and Governance Committee and four meetings per year referred to in clause 8.3 for the Ethics and Compliance Committee, the requirement that the chairman of the meeting participates to the meeting from The Netherlands shall not apply to such Committee meeting.

- 7.3 The Remuneration, Nomination and Governance Committee shall endeavor to avoid a complete replacement of outgoing Directors by new candidates and will draw up an appointment and reappointment schedule for the Directors after consultation with the Chairman and the CEO. In drawing up this schedule the Remuneration, Nomination and Governance Committee will consider the continuity of company-specific knowledge and experience within

the Board while taking into account that a Director may at the time of his appointment or re-appointment not be older than 75 years and ensuring that at least one third of Directors positions are either renewed or replaced every year, provided that exceptions to these rules may be agreed by the Board if specific circumstances provide an appropriate justification for such exceptions.

- 7.8 The Remuneration, Nomination and Governance Committee also deals with corporate governance matters, human resources related strategies and remuneration matters. Its responsibilities furthermore include the matters set out in Annex F. The CEO presents his proposals on these issues to the Remuneration, Nomination and Governance Committee.

In particular, he should familiarise himself with the relevant laws and regulations (such as Dutch Corporate Governance Code, Dutch Civil Code, AFM, AMF, BaFin and CNMV rules and recommendations, OECD guidelines and principles) applicable to the Company and with the Company's internal documents, such as the Articles of Association and the Internal Rules of the Board as amended from time to time by the relevant bodies of the Company. In this respect, the secretary to the Board will provide each Director with an induction package.

Each Director has the right to obtain all information needed to fulfil his duties and a duty to demand and responsibility to obtain any information required. In this respect, each Director receives from the Chairman in sufficient time the information (including information to be provided by the external auditors, advisers and officers of the Company invited to the Board meetings as guests) required for meaningful participation in a meeting with respect to the matters on the Board's and Committees' agenda. However, a Non-Executive Director may also be a member of boards of listed non-Dutch companies outside Airbus so long as such directorships do not impede him in his duties.

Group companies are considered to be one and the same entity for the purpose of the limitations on supervisory board positions.

Each Director shall avoid, when accepting and/or holding a directorship, any conflict of interest in accordance with the provisions referred to in paragraph 8 herein.

5. Regular attendance

Each Director shall regularly attend all meetings of the Board, and of any Committee of which he is a member. The rate of individual attendance at all meetings of the Board and at any Committee of which a Director is a member will be reported in the annual report of the Company and account has to be given for the reasons for absence. The Chairman shall promote Directors' attendance at Board and Committee meetings.

6. Confidentiality

Each Director shall keep strictly confidential all information and documentation obtained pursuant to the performance of his duties, even after his resignation from the Board.

7. Trading rules

Each Director shall comply with the provisions of the Airbus Insider Trading Rules which restrict transactions in securities of the Company and its major suppliers/customers.

8. Conflicts of interest

¹ A Dutch company or foundation will be regarded as 'large' if it meets, according to its consolidated balance sheet, at least two of the following three criteria on two successive balance sheet dates: (i) the value of its assets, based on the acquisition price and production cost, is over EUR 20 million, (ii) its net turnover for the relevant financial year is over EUR 40 million, and (iii) the average number of employees during the relevant financial year is 250 or more. In order for a foundation to be regarded as large, it must also be under a statutory obligation to draw up annual accounts or an equivalent financial report.

Any conflict of interest or apparent conflict of interest between the Company and Directors is to be avoided. Each Director shall immediately report any such or potential conflict to the Chairman and shall provide him with all relevant information. Where conflicts nevertheless arise, the non-executives Directors shall be responsible for ensuring that in dealing with such conflicts Dutch law and the Dutch Corporate Governance Code and all other applicable laws, rules and regulations are complied with. A Director shall not take part in the deliberations or decision-making if he has a direct or indirect personal interest which conflicts with the interests of the Company and of the enterprise connected with it. Decisions to enter into transactions under which Directors would have conflicts of interest that are of material significance to the Company and/or to the relevant Director require the approval of the Board and are to be agreed on terms that are customary to the sector in which the Company operates its business.
