**Farnborough, 18 July 2018** – A customer has signed a commitment for six A330neo Family aircraft. The Memorandum of Understanding was signed at the 2018 Farnborough International Airshow.

Launched in July 2014, the A330neo Family is the new generation A330, comprising two versions: the A330-800 and A330-900 sharing 99 percent commonality. It builds on the proven economics, versatility and reliability of the A330 Family, while reducing fuel consumption by about 25 percent per seat versus previous generation competitors and increasing range by up to 1,500 nm compared to the majority of A330s in operation. The A330neo is powered by Rolls-Royce's latest-generation Trent 7000 engines and features a new wing with increased span and new A350 XWB-inspired Sharklets. The cabin provides the comfort of the new Airspace amenities.
