This brochure is printed on Stucco, a FSC® paper.

This paper is produced in factories that are accredited
EMAS and certified ISO 9001-14001, PEFC™
and FSC® CoC. It is produced using pulp that
has been whitened without either chlorine or acid.
The paper is entirely recyclable and is produced
from trees grown in sustainable forest resources.

The printing inks use organic pigments or minerals.
There are no use of basic dyes or dangerous metals
from the cadmium, lead, mercury or hexavalent
chromium group.

The printer, Art & Caractère (France 81500),
is engaged in a waste management and recycling
programme for all resulting by-products.

H130 BR 01-2019

AIRBUS

**H130,
capable as a twin
engine at the cost of a
single, for a safe, silent
and smooth ride.**

The unique single engine helicopter offering in the base line spec.

Crash Resistant Fuel System, Energy absorbing seats, 360° approachability with Fenestron, Synthetic Vision System (SVS), and HTAWS.

It is the most cost effective per seat in its class.
