1.1. The GTCS define the terms and conditions governing the supply of Products and/or Services by Seller to Customer under any Supply Agreements. To take into account specificities, Parties may discuss and agree deviations to GTCS provisions in a Specific Agreement. Capitalized terms are defined in Section 25 Definitions hereafter.

1.2. Customer agrees that the GTCS may be updated from time to time by Seller who will inform Customer through CSC or any other Airbus platform or catalogue. Updated GTCS shall apply to Supply Agreement in force unless Customer issues a written refusal to the updated GTCS within one (1) month of the updated GTCS date to the following address:

Airbus S.A.S.
AirbusWorld Administration
2 rond-point Emile Dewoitine
31700 Blagnac CEDEX
France

Or airbusworldadmin@airbus.com

In such a case, Supply Agreement in force remains governed by the latest GTCS version which was accepted by Customer.

1.3. Extension and renewal of Supply Agreements are governed by the GTCS version on-line in the CSC at the date when the extension or renewal was agreed upon the Parties, expressly or tacitly.

1.4. Customer's standard terms and conditions of purchase or similar terms and conditions are expressly excluded under the GTCS and are not applicable to the sale of Products and/or Services, notwithstanding any provision to the contrary in such Customer's standard terms and conditions of purchase or in any conditions which may be contained in a Purchase Order or any other document issued by Customer.

1.5. Customer may purchase Products and/or Services from Seller either i) through a Binding Purchase Order as per the conditions set forth in 2.1 or ii) following the signature of a Specific Agreement by both Parties.

Each of i) and ii) shall constitute Customer's unconditional acceptance of the GTCS and the formation of a contract between the Parties. Customer acknowledges it has received all relevant information to enter into the contract.

2.1.1 Purchase Order issuance by Customer

2.1.1.1. Purchase Orders referring to Commercial Offer or to the CSC shall be placed by any authorized representatives of Customer, in writing to Seller, either by email to the address provided in the Supply Agreement _or by simple mail to the address as may be specified in the CSC, or electronically through Seller's web based sales portal or application, as applicable.

2.1.1.2. In the event Purchase Orders are not required following the signature between the Parties of a Specific Agreement, the order will be deemed placed at the time of entry into force of such Specific Agreement. However, Purchase Orders referring to a Specific Agreement might be placed for administrative purpose, upon either Party's request, without contractual effect except otherwise agreed in the Specific Agreement.

2.1.1.3. For the purchase of spare parts, Purchase Orders shall be placed in accordance with the relevant ATA specifications and will be administered in accordance with ATA specifications in force as of the date of performance of said Purchase Orders. Seller may convert all Purchase Orders for spare parts to the concept of single item orders in accordance with ATA SPEC 2000 Chapter 3.

2.1.2 Order acceptance

Upon receipt of a Purchase Order, Seller may send an acknowledgement of receipt. Such acknowledgement of receipt does not constitute a Binding Purchase Order.

Then, Seller may accept or reject the Purchase Order at its absolute discretion and for any reason without any liability whatsoever.
