Our Strategy

Continue to grow Airbus as an aerospace and defence leader

- Keep current portfolio young and competitive
- Pioneering for the next generation
- Build advantages through a broad span
- Expand as a leader towards new territories

Leverage European roots to pursue global reach through local actions

- Diversity of employees and customer base is key strength
- European vision includes UK as integral to global success
- Act as a trusted partner

Continue to invest in the future in evolving and highly competitive environment

- Discipline on both revenues and the cost base
- Ensure the right combination of growth, profitability and resilience

Lead transformation of the aerospace industry while meeting the highest ESG standards

- Lead journey towards clean aerospace
- Build business on foundation of safety and quality
- Respect human rights and foster inclusion
- Exemplify business integrity

Safety  Compliance  Integrity  Quality
Airbus’ sustainability commitments contributing to the UN Sustainable Development Goals

- **Lead the journey towards clean aerospace**
- **Respect human rights and foster inclusion**
- **Build our business on the foundation of safety & quality**
- **Exemplify business integrity**
## Ethics and Compliance: doing business with integrity

| Robust Compliance programme matching the highest international standards | Code of Conduct underpinned by annual employee objectives to drive exemplary behaviour | Airbus OpenLine to encourage speak up and address compliance problems early | A professional, dedicated team of 150 full time compliance officers to implement and sustain progress |
Airbus is at the forefront of the aviation industry

We build the most innovative commercial aircraft and consistently capture about half of all commercial airliner orders. Thanks to its deep understanding of changing market needs, customer focus and technological innovation, Airbus helps airlines grow and people connect.
The Airbus Family of versatile new-generation aircraft

**Single-aisle Family**
- A321neo
- A320neo
- A319neo
- A220-300
- A220-100

**Widebody Family**
- A350-1000
- A350-900
- A330-900
- A330-800
The only true new generation freighter

CityAirbus NextGen
Airbus is Europe’s largest and most innovative defence and space company

We develop and manufacture world-class aerospace products. Our exceptional platforms and services allow our customers to address even their most challenging operational needs.
The division at a glance

- 32,809 employees (2021)
- €10.2 bn revenues (2021)
- €36.1 bn order book (2021)
- Europe’s #1 in defence and space
Facts and figures

1,500+ years of successful in-orbit operations by our satellites since 1965

5,200+ missions achieved with UAS

1,800+ military aircraft sold

30,000+ successful laser connections in space
Our customers solve complex challenges of today and tomorrow – with our platforms, systems and services.
Leading technologies

- Space exploration
- Air to Air refuelling
- Stealth

We foster innovation and deliver new technologies – for today and for the decades ahead.
## Environmental responsibility

**company wide via our products and services**

### Airbus Commercial Aircraft
- State of the art aircraft in our current portfolio
- Pushing technology forward for next generation aircraft *(ZEROe concepts)*
- Making our next generation compliant with future energy ecosystems *(hydrogen and Sustainable Aviation Fuels)*

### Airbus Helicopters
- Fuel efficiency improvements
- Sustainable Aviation Fuel
- Hybridisation and electrification

### Airbus Defence and Space
- Sustainable Forest Management
- Precision Agriculture
- Environmental Monitoring
- Climate Change Monitoring
- Maritime Monitoring
