We pioneer sustainable aerospace for a safe and united world
Airbus is an international pioneer in the aerospace industry
A commercial aircraft manufacturer, with Defence and Space as well as Helicopters divisions
Airbus has built on its strong European heritage to become truly international.

The company has aircraft final assembly lines across Asia, Europe and the Americas.

180 locations

12,000 direct suppliers globally
Recovering and preparing for the future

Consolidated Airbus 2021 FY revenues € 52.1 billion; FY EBIT Adjusted € 4.9 billion
Our Strategy

Continue to grow Airbus as an aerospace and defence leader
• Keep current portfolio young and competitive
• Pioneering for the next generation
• Build advantages through a broad span
• Expand as a leader towards new territories

Leverage European roots to pursue global reach through local actions
• Diversity of employees and customer base is key strength
• European vision includes UK as integral to global success
• Act as a trusted partner

Continue to invest in the future in evolving and highly competitive environment
• Discipline on both revenues and the cost base
• Ensure the right combination of growth, profitability and resilience

Lead transformation of the aerospace industry while meeting the highest ESG standards
• Lead journey towards clean aerospace
• Build business on foundation of safety and quality
• Respect human rights and foster inclusion
• Exemplify business integrity

Safety  Compliance  Integrity  Quality
Airbus’ sustainability commitments contributing to the UN Sustainable Development Goals

Lead the journey towards clean aerospace

Respect human rights and foster inclusion

Build our business on the foundation of safety & quality

Exemplify business integrity

Facts and figures

1,500+ years of successful in-orbit operations by our satellites since 1965

5,200+ missions achieved with UAS

1,800+ military aircraft sold

30,000+ successful laser connections in space
Our customers solve complex challenges of today and tomorrow – with our platforms, systems and services.
We foster innovation and deliver new technologies – for today and for the decades ahead.
Environmental responsibility company wide via our products and services

Airbus Commercial Aircraft
- State of the art aircraft in our current portfolio
- Pushing technology forward for next generation aircraft (ZEROe concepts)
- Making our next generation compliant with future energy ecosystems (hydrogen and Sustainable Aviation Fuels)

Airbus Helicopters
- Fuel efficiency improvements
- Sustainable Aviation Fuel
- Hybridisation and electrification

Airbus Defence and Space
- Sustainable Forest Management
- Precision Agriculture
- Environmental Monitoring
- Climate Change Monitoring
- Maritime Monitoring
