

Craft / Technical Level Apprenticeships at Airbus!

We recognise that there are many next step opportunities for you & so we wanted to give you the information to make it easier to understand how you can join us at Airbus in the UK in September 2024!

What are my options?

 Programme	 Entry requirements	 Qualification to be gained	 Location
Craft Apprenticeship - Machining	Achieve a minimum of five GCSEs which must include: Grade C or 4 in Maths Grade C or 4 in English Language Grade CC or 44 in Double Award Science OR Grade C/4 in Single award in Physics. Plus 2 other GCSEs at grade C or 4 (other qualifications that are equivalent or higher may be considered as an alternative to the additional 2 GCSE's)	NVQ L2 diploma in Performing Engineering Operations City & Guild 2850 Level 2 In Machining Level 2 Essential Skills City & Guild 2850 Level 3 Machining; Level 3 Extended Diploma in Mechanical Manufacturing Engineering (Machining Bias Units).	Broughton (Chester)
Craft Apprenticeship - Aerostructures	Achieve a minimum of 5 GCSEs including: Grade C or 4 in Maths Grade C or 4 in English Language Grade CC or 44 in Double Award Science OR Grade C/4 in Single award in Physics. Plus 2 other GCSEs at grade C or 4 (other qualifications that are equivalent or higher may be considered as an alternative to the additional 2 GCSE's)	NVQ Level 2 diploma in Performing Engineering Operations; City and Guild 2675 Level 2 in In Machining Level 2 Essential Skills; Level 3 NVQ Extended Diploma (Aeronautical Engineering); Advanced Manufacturing Engineering BTEC L3 certificate Essential skills.	Broughton (Chester)
Craft Apprenticeship - Tool Room	Achieve a minimum of five GCSEs which must include: Grade B or 6 in Maths Grade C or 4 in English Language Grade CC or 44 in Double Award Science OR Grade C/4 in Single award in Physics. Plus 2 other GCSEs at grade C or 4 (other qualifications that are equivalent or higher may be considered as an alternative to the additional 2 GCSE's)	NVQ Level 2 diploma in Performing Engineering Operations; City and Guild 2675 Level 2 in In Machining Level 2 Essential Skills; Level 3 NVQ Extended Diploma (Aeronautical Engineering); Advanced Manufacturing Engineering BTEC L3 certificate Essential skills.	Broughton (Chester)
Craft Apprenticeship - Air Tool Maintenance	Achieve a minimum of five GCSEs which must include: Grade B or 6 in Maths Grade C or 4 in English Language Grade CC or 44 in Double Award Science OR Grade C/4 in Single award in Physics. Plus 2 other GCSEs at grade C or 4 (other qualifications that are equivalent or higher may be considered as an alternative to the additional 2 GCSE's)	NVQ Level 2 diploma in Performing Engineering Operations; Advanced Manufacturing Engineering BTEC Level 3 Award; Level 2 Essential Skills; Level 3 NVQ Extended Diploma (Engineering Maintenance) HNC in Mechanical Technology OR HNC in Electrical and Electronic Technology.	Broughton (Chester)
Craft Apprenticeship - Mechanical Systems Testing (ASTG)	Achieve a minimum of five GCSEs which must include: Grade B or 6 in Maths; Grade C or 4 in English Language; Grade CC or 44 in Double Award Science OR Grade C/4 in Single award in Physics. Plus 2 other GCSEs at grade C or 4 (other qualifications that are equivalent or higher may be considered as an alternative to the additional 2 GCSE's).	NVQ Level 2 diploma in Performing Engineering Operations; Advanced Manufacturing Engineering BTEC Level 3 Award; Level 2 Essential Skills. Level 3 NVQ Extended Diploma (Engineering Maintenance); HNC in Mechanical Technology.	Broughton (Chester)
Craft Apprenticeship - Mechanical Maintenance	Achieve a minimum of five GCSEs which must include: Grade B or 6 in Maths; Grade C or 4 in English Language; Grade CC or 44 in Double Award Science or Grade C/4 in Single award in Physics. Plus 2 other GCSEs at grade C or 4 (other qualifications that are equivalent or higher may be considered as an alternative to the additional 2 GCSE's).	NVQ Level 2 diploma in Performing Engineering Operations; Level 2 Essential Skills; Advanced Manufacturing Engineering BTEC Level 3 Award Level 3 NVQ Extended Diploma (Engineering Maintenance); HNC in Mechanical Technology	Broughton (Chester)

Qualification to be gained

Location

Craft Apprenticeship - Electrical Maintenance

Achieve a minimum of five GCSEs which must include: Grade B or 6 in Maths; Grade C or 4 in English Language; Grade CC or 44 in Double Award Science or Grade C/4 in Single award in Physics. Plus 2 other GCSEs at grade C or 4 (other qualifications that are equivalent or higher may be considered as an alternative to the additional 2 GCSE's)

NVQ Level 2 diploma in Performing Engineering Operations;
Level 2 Essential Skills;
Advanced Manufacturing Engineering BTEC Level 3 Award
Level 3 NVQ Extended Diploma (Engineering maintenance)
HNC in Electrical and Electronic Technology.

Broughton (Chester)

Craft Apprenticeship - Mechanical and Electrical

Achieve a minimum of four GCSEs which must include: Grade C or 4 in Maths (Grade 5 in Maths preferable); Grade C or 4 in English Language; Plus 2 other GCSEs at grade C or 4 OR Level 2 in Engineering with GCSE English and Maths – Grade 4 and above – Grade 5 in Maths preferable

Level 3 Diploma in Aerospace Manufacturing (Competence);
Level 3 Diploma in Aerospace and Aviation (Knowledge)
with onsite work will be carried out in the Industrial facilities at Airbus Filton Plant.

Filton (Bristol)

Customer Service Engineering Apprenticeship

Achieve 5 GCSEs at Grade 4 (Grade C and above) and above including Mathematics, English and Double Science or equivalent qualification (subject to validation).

Level 3 Diploma in Advanced Manufacturing Engineering and a professional EngTech qualification.

Filton (Bristol)

Electrical & Mechanical Technical Apprenticeship

At least five achieved GCSEs at grade 4/C which must include: Grade 5/6 (B) in Maths; Grade 4/C English. Or equivalent qualifications such as BTEC L3 STEM related subjects or BTEC L2 at Distinction + at least one STEM GCSE.

HNC in Mechanical/Electrical Engineering with the possibility of attaining an HND should you be eligible. You will also attain a level 4 standard, which will run alongside the HNC course.

Portsmouth & Stevenage

Facility Management Technical Apprenticeship

Minimum of 5 GCSEs at grade C/4 or above which must include Maths, English Language and Science (C in Physics or double award in Science at minimum CC).

Level 3 apprenticeship framework in Facilities Management

Broughton (Chester)

Facility Management Technical Apprenticeship

Minimum of 5 GCSEs at grade C/4 or above which must include Maths, English Language and Science (C in Physics or double award in Science at minimum CC).

Level 3 apprenticeship framework in Facilities Management

Filton (Bristol)
