1. GENERAL (unapproved)

The subject Cable Cutter Installation consists of two cable-cutting devices mounted on the upper and lower canopy. A Deflector, integral to the cutting devices and installed on the windshield center post, guides cables to the cutting blades. Optional wiper post deflectors can be installed on aircraft with windshield wipers. Refer to Figure 1 for General Layout.

The Cable Cutter Installation is available in two variants:

- 01 - Cable Cutter Installation with Wipers
- 02 - Cable Cutter Installation without Wipers
