

Atlantic Airways orders two A320neo aircraft

#A320neo #PAS19

Le Bourget, 18 June 2019 – Atlantic Airways, the Faroe Islands flag carrier, has signed a Purchase Agreement with Airbus for two A320neo aircraft, becoming the latest A320neo customer. The engine selection will be made at a later date.

With this new order, Atlantic Airways intends to further develop its European network. The airline, an Airbus customer since 2008, already operates a fleet of three A320 Family aircraft.

Featuring the widest single-aisle cabin in the sky, the efficient A320neo Family incorporates the very latest technologies including new generation engines and Sharklets, which together deliver more than 20 percent fuel and CO₂ savings as well as a 50 percent noise reduction. With more than 6,500 orders received from over 100 customers, the A320neo Family has captured some 60 percent of the market.
