Airbus unveils its new A330MRTT full flight simulator at Seville #A330MRTT @AirbusDefence

Seville, 21 November 2018 – Airbus has unveiled the new full flight and mission simulator (FFS) of the Airbus A330 MRTT Multirole Tanker Transport aircraft at its International Training Centre (ITC) in Seville. The simulator, developed by Airbus together with the Spanish company Indra, joins the A400M, C295 and CN235 programs, reaffirming the capabilities of the Airbus ITC in Seville as a reference centre for training crews for all military transport programs of the Airbus portfolio.

With 60 firm orders by twelve nations and 33 aircraft delivered, the Airbus A330 MRTT is today's only new generation tanker/transport flying, certified and battle-proven.
