ACH130 Aston Martin Edition is the first offering from the recently-announced partnership between Aston Martin Lagonda and Airbus Corporate Helicopters. Four unique Aston Martin signature designs available.

Courchevel, 3 January, 2020 – The ACH130 Aston Martin Edition, the first offering from the recently-announced partnership between Aston Martin Lagonda and Airbus Corporate Helicopters, was revealed today at Courchevel in the French Alps.

This stylish special edition of the ACH130 helicopter comes equipped with a range of four interior and exterior designs generated by Aston Martin which will delight helicopter owners and pilots who appreciate the pleasures of possessing and driving high performance bespoke luxury cars.

The aeronautical designers at Airbus Corporate Helicopters (ACH) and the automotive designers at Aston Martin have worked closely together for over a year, marrying ACH's key values of excellence, quality and service with Aston Martin's commitment to beauty, handcrafting and automotive art to bring a new level of aesthetics and rigorous attention to detail to the helicopter market.

Available in four external liveries with complementary interiors, the helicopters are embellished with Aston Martin signature elements, starting with the iconic Aston Martin wings, which are embossed onto luxury leather features, tastefully positioned throughout the cabin.

The Stirling Green-themed external scheme, which is already flying on the first aircraft, features a painted gradient, which fades down into Jet Black on the underside of the helicopter with Skyfall Silver around the cowlings. Further external liveries are available with other Aston Martin paint colours including Xenon Grey, Arizona and Ultramarine Black.

Inside, the automotive-inspired cabin, which offers a higher level of comfort, is trimmed in Pure Black—ultra-suede with a palette of selectable leathers comprising Oxford Tan, Pure Black, Cormorant and Ivory.

On the rear of the front seats the same brogue detailing that is found in a DB11 runs down the centre of the seat and the doors have been trimmed with leather to provide passengers with comfortable touch points during their flight. By using materials from the Aston Martin automotive palette the interior of this special edition of the ACH130 sits in harmony with the interior of Aston Martin sports cars.

Each of these special edition helicopters will have a plaque included on the instrument panel which shows the partnership logos, the registration of the aircraft, the edition number and the owner's name, should they wish to have it included.

Press Release

Aston Martin Vice President and Chief Creative Officer, Marek Reichman, said: “We have our own set of automotive design principles but in recent years we have been learning how to apply our principles to other areas of design, such as architecture, motorcycles and now helicopters. This first application of our design practices to a helicopter posed a number of interesting challenges but we have enjoyed working through them. Beauty is of vital importance to Aston Martin and to our customers and we think the ACH130 Aston Martin Edition is an inherently beautiful machine. It provided a wonderful canvas for our team to work on so we now look forward to seeing everybody’s reaction.”

Frédéric Lemos, Head of Airbus Corporate Helicopters, also commented: “The ACH130 Aston Martin Edition is optimally positioned in the market for hands-on owners who draw satisfaction from personally piloting their aircraft and it generates strong brand-loyalty. In the same way Aston Martin’s products are cars for drivers who relish being at the wheel and they inspire a comparable attachment to the brand. So they are the perfect partner for us in developing this superb new ACH130 Aston Martin Edition.”

The ACH130 Aston Martin Edition is available on request with deliveries taking place from Q1 2020. For further information please visit: www.airbuscorporatehelicopters.com

About Airbus

Airbus is a global leader in aeronautics, space and related services. In 2018 it generated revenues of € 64 billion and employed a workforce of around 134,000. Airbus offers the most comprehensive range of passenger airliners. Airbus is also a European leader providing tanker, combat, transport and mission aircraft, as well as one of the world’s leading space companies. In helicopters, Airbus provides the most efficient civil and military rotorcraft solutions worldwide.

About Aston Martin Lagonda

Aston Martin Lagonda is a luxury automotive group focused on the creation of exclusive cars and SUVs. The iconic Aston Martin brand fuses the latest technology, exceptional hand craftsmanship and timeless design to produce models including the Vantage, DB11, Rapide AMR and DBS Superleggera. The Lagonda brand will relaunch in 2021 as the world’s first luxury electric vehicle company. Based in Gaydon, England, Aston Martin Lagonda designs, creates and exports cars which are sold in 53 countries around the world.

Lagonda was founded in 1899 and Aston Martin in 1913. The two brands came together in 1947 when both were purchased by the late Sir David Brown. Under the leadership of Dr Andy Palmer and a new management team, the Group launched its Second Century Plan in 2015 to deliver sustainable long-term growth. The plan is underpinned by the introduction of seven new models including the DB11, new Vantage, DBS Superleggera and an SUV, as well as the development of a new manufacturing centre in St Athan, Wales.
